MESSAGE FROM TIMBERSTONE

TimberStone is a family owned and operated company with a long history in the construction and service industry. We pride ourselves on our ability to bring high quality and value oriented masonry products to our customers with an outstanding service record.

We have partnered with Environmental StoneWorks for the quality products which they represent. All of their products are certified and backed by the best warranty in the industry. In addition to those great attributes, Environmental StoneWorks service is second to none. Their unique ability to tailor their products is at the heart of their success, as are their ongoing investments in design, manufacturing processes and leading customer service. All of this provides a solid foundation for meeting the increasing needs of today's builders and architects. If your project has stone, there is no one better to take care of your needs than Environmental StoneWorks and TimberStone Distribution.

WARRANTY

Environmental StoneWorks warrants that its products shall be free from defects for a period of fifty (50) years from date of purchase. This warranty is valid for products that are installed in accordance with the manufacturers instructions and used on a structure that conforms to local building codes.

This warranty covers only manufacturing defects in Environmental StoneWorks products. It does not cover damage resulting from building settlement, wall movement, contact with chemicals, efflorescence, paint, discoloration due to airborne contaminants, staining or oxidation.
